Simla, the 14th June 1937.

No. D.4355/F.—In exercise of the powers conferred by section 21 of the Indian Coinage Act, 1906 (III of 1906), and in supersession of the rules in paragraph 3 of the notification of the Government of India in the Finance Department No. 1448-A., dated the 8th March 1907, the Central Government is pleased to make the following rules, namely:—

1. These rules may be called the Indian Coinage Rules.

2. In these rules, unless there is anything repugnant in the subject or context—

(a) the "Act" means the Indian Coinage Act, 1906 (III of 1906); and

(b) "the Reserve Bank" means the Reserve Bank of India constituted under the Reserve Bank of India Act, 1934 (II of 1934).

3. A loss of $6\frac{1}{2}$ per cent. below standard weight in the case of the rupee and of $12\frac{1}{2}$ per cent. in the case of the half rupee, quarter-rupee and eighth of a rupee shall be the limit of reasonable wear; and a loss of 25 per cent. below standard weight shall be the further percentage referred to in section 17 of the Act, in the case of all silver coins.

4. Where a rupee or a half rupee, which has been diminished in weight so as to be more than 2 per cent. but not more than $6\frac{1}{2}$ per cent. or $12\frac{1}{2}$ per cent. respectively, below standard weight, and which has not been fraudulently defaced, is tendered to any person authorised to act under section 16 of the Act, such person shall accept the coin at its nominal value, and the coin shall thereupon be withdrawn from circulation at the cost of the Government of India.

5. Where a rupee or half rupee which has been diminished in weight so as to be more than $6\frac{1}{2}$ per cent. or $12\frac{1}{2}$ per cent. respectively, but not more than 25 per cent. below standard weight, and which has not been fraudulently defaced, is tendered to any person authorised to act under section 16 of the Act, such person shall, if the tenderer so requests, instead of returning the cut coin, accept it at the following rates, namely:—

- (a) rupees weighing between $15/16$ ths and $7/8$ ths of their proper weight, at the rate of 14 annas;
- (b) rupees weighing between $7/8$ ths and $13/16$ ths of their proper weight, at the rate of 13 annas;

7. Silver coin received by Government officers under these rules and withdrawn from circulation shall, whether or not it has been cut or broken under these rules, be sent by the first convenient opportunity to the Master of the Mint at Bombay or Calcutta, or to any principal Treasury appointed by the Reserve Bank to receive such coin for remittance to the mint. Such coin will be credited in the officer's cash balance as 'uncurrent coin' at the actual value at which it has been received and on transfer to the mint will be credited

8. Silver coin received by a person other than a Government officer under these rules and withdrawn from circulation shall, whether or not it has been cut or broken under these rules, be sent to the nearest Treasury, where it will be paid for at the rates respectively prescribed in these rules, and thereafter it will be dealt with in the manner prescribed in rule 7.

9. In cutting or breaking any diminished, defaced or counterfeit coin, Government Officers and other persons authorised in this behalf shall not completely divide the coin, as identification of the parts of a coin becomes practically impossible if the pieces are wholly separated.

10. Persons authorised under section 20 of the Act to cut or break counterfeit silver coins should not receive and pay for the coin according to the value of the silver bullion contained therein as permitted under that section, save where from the excellence of the execution or for any other cause it seems desirable that the coin should be acquired as a specimen. The cost of paying for the coin will be charged to the Central Government. The broken pieces of coins so paid for should be forwarded to the mint at Calcutta or Bombay.

11. In determining the loss of weight in the case of silver coins to which solder or other metal has been attached the weight of such solder or other metal shall not be taken into account.

HOME DEPARTMENT.

NOTIFICATIONS.

Simla, the 17th June 1937.

No. F. 366/35.—The following resolution passed by the Secretary of State is published for general information:—

In exercise of the powers conferred by paragraph (a) of sub-section (1) of section 247 and sub-section (2) of section 257 of the Government of India Act, 1935, the Secretary of State for India, with the concurrence of his Advisers, hereby makes the following Rules, namely:—

1. (1) These rules may be called the Premature Retirement Rules.
(2) They shall come into force on 1st April 1937.
(3) Any previous rules made by the Secretary of State in Council for the regulation of premature retirement on proportionate pension are hereby cancelled.
2. (1) The following officers may be permitted by the Secretary of State to retire under these rules:—
 - A. Any officer who, with effect from a date earlier than the date on which these rules come into force, was selected for or appointed to one of the services specified in entries (i) and (ii) or appointed to one of the posts specified in entries (iii), (iv) or (v) of the First Schedule, and who, if so selected or appointed after the 1st April 1924, was at the time of such selection or appointment of non-Asiatic domicile.
 - B. Any officer selected for or appointed to the Indian Civil Service or the Indian Police by the Secretary of State after the date on which these rules come into force and whose domicile at the time of such selection or appointment was non-Asiatic.

Provided that—

- (a) no officer serving in connection with the affairs of the Federation, except an officer of the Railway Department, shall be eligible to retire under these rules—
 - (i) before the establishment of the Federation, or
 - (ii) if he is permanently employed in the Crown, External Affairs, Defence or Ecclesiastical Department;

- (b) no officer of the Regular Army in civil employ who is liable to recall to military employment, no officer of the Royal Indian Navy and no officer of the Indian Medical Service who has completed less than 17 years' total service, shall be eligible to retire under these rules unless the competent military or naval authorities are unable or unwilling to absorb him in military or naval employment as the case may be;
- (c) no officer of the Railway Department, shall be eligible to retire under these rules before the establishment of the Federal Railway Authority;
- (d) no officer serving in a department administered by a Governor in his discretion shall be eligible to retire under these rules while so employed;
- (e) no officer shall be eligible to retire under these rules who is certified to be physically unfit for further service in India.

(2) If any doubt arises as to the date of any selection or appointment referred to in sub-rule (1) of this rule the matter shall be referred to the Secretary of State whose decision shall be final.

3. (1) Applications for such permission shall be addressed by officers serving in connection with the affairs of the Federation to the Governor General, and by officers serving in connection with the affairs of a Province to the Governor.

(2) An application under this rule may be submitted by an officer while he is on leave out of India, and in that case, unless the Governor General or the Governor, as the case may be, considers his return to duty necessary before his application can be considered, the rules shall apply to him in the same manner as if his application had been submitted while on duty:

Provided that an officer who has made an application under this rule while he is on leave out of India and whose application is sanctioned by the Secretary of State before his leave expires shall not be eligible for the gratuity described in Rule 12, except to the extent admissible under sub-rule (6) of that rule.

4. On receipt of an application the Governor shall forward it with his recommendation to the Governor General, and the Governor General shall forward all applications other than those which have been cancelled under rule 7 whether received direct or through the Governor of a Province, with his recommendations for the orders of the Secretary of State.

5. An officer who has been permitted by the Secretary of State to retire under these rules, or whose application has been forwarded by the Governor General or the Governor with a recommendation that his retirement be sanctioned, shall, unless the Governor General in the case of officers serving in connection with the affairs of the Federation, or the Governor, in the case of officers serving in connection with the affairs of a Province, sees reason to the contrary, be permitted to avail himself in anticipation of his retirement, of the full amount of leave which is due to him and which may be granted to him at one time (otherwise than on medical certificate) under the regulations for the time being in force and applicable to him:

Provided that if the Governor General or the Governor, as the case may be, considers that leave in anticipation of retirement should not

be granted, or that less than the full amount of leave available under regulations for the time being in force should be granted, the proposal to withhold or reduce the leave applied for shall be submitted with the reasons therefor for the orders of the Secretary of State.

6. (1) The Governor General or the Governor, as the case may be, shall fix the date on which leave granted under rule 5 shall commence:

Provided that an officer who has been permitted by the Secretary of State to retire under these rules shall not be detained in India beyond the date on which he desires to leave unless his detention cannot be avoided without prejudice to the public interest.

(2) If the Governor General or the Governor, as the case may be, considers that suitable arrangements cannot be made for the relief of any officer at the date on which he desires to proceed on leave preparatory to retirement under these rules, he may, when forwarding the application for the orders of the Secretary of State recommend that the Secretary of State should postpone the grant of permission and in that case shall specify the period of such postponement.

7. An officer who has submitted an application for permission to retire under these rules shall not be at liberty to cancel his application and, if on leave, to return to duty without the consent of the Governor General in the case of officers serving in connection with the affairs of the Federation or of the Governor in the case of officers serving in connection with the affairs of a Province.

8. (1) An officer who has submitted an application for permission to retire under these rules may be permitted to take up other employment during the currency of his leave preparatory to retirement.

(2) Such permission may be granted—

(a) if the proposed employment lies in India, by the Governor General in the case of officers serving in connection with the affairs of the Federation or by the Governor in the case of officers serving in connection with the affairs of a Province;

(b) if the proposed employment lies elsewhere than in India, by the Secretary of State:

Provided that an officer who has been granted permission to take up employment under this rule shall be precluded, save with the specific consent of the Secretary of State from withdrawing his request for permission to retire and from returning to duty in India.

(3) The Secretary of State, the Governor General or the Governor, as the case may be, shall have the right to withhold permission to take up employment under this rule in cases where the employment appears to him to be such as could not with propriety be held by a person who is still in the service of the Crown in India; or, alternatively, to grant the desired permission in any such case subject to such conditions or restrictions as he may think necessary.

9. (1) The right of any officer to receive or retain a pension under the provisions of these rules is subject to the right of the Secretary of State—

(a) to reduce or withhold any pension, if the past service of the applicant is not approved, or if the pensioner after retirement is convicted of serious crime or is guilty of grave misconduct; and

- (b) in cases where an officer obtains, prior to, or within two years from, the date of his retirement under these rules, other employment under the Crown, to suspend payment, wholly or in part, while the officer continues to be employed under the Crown, of the proportionate pension admissible under these rules.

(2) In cases where a proportionate pension is suspended wholly or in part under clause (b) of the preceding sub-rule, the officer shall on the termination of his employment under the Crown receive the full proportionate pension under these rules in respect of his Indian service in addition to any pensionary award that may be granted to him under the rules of the service in which he is employed after retiring from the Indian service.

(3) For the purposes of this rule, the expression "employment under the Crown" shall be deemed to include employment under the Governments of Crown Colonies, Protectorates, and territories mandated to the British Government, but does not include employment under the Government of a self-governing Dominion or a State in India, or under a Local Authority.

(4) A proportionate pension shall not be liable to suspension either wholly or in part under sub-rule (1) (b) of this rule unless the proportionate pension, when combined with the initial pay of the officer in his new appointment, would exceed three-fourths of the pay which he would have drawn if he had remained on duty in India.

10. Subject to the provisions of Rule 9, a pensionable officer who has been permitted by the Secretary of State to retire under these rules shall be entitled, if he has completed less than five years' total service, to a gratuity equal to one month's pay (at the rate drawn by the applicant while last on duty before his retirement), multiplied by the number of completed months of total service at the officer's credit and divided by 12, and converted at the rate of 1s. 9d. per rupee; and if, he has completed five years' total service, to a pension of the amount shown in the Second Schedule.

11. A non-pensionable officer of a Railway Service, Class I, who may be permitted to retire prematurely under these rules shall be entitled to the Railway contribution or bonus to his Provident Fund under the Provident Fund Rules of the Railway, and his gratuity under the Gratuity Rules calculated as if he had been invalided from service. If the officer has elected to subscribe to the Sterling Branch of the State Railway Provident Fund, the payment of the amount due under this rule shall be made in sterling at the rate and in the place prescribed in the State Railway Provident Fund (Sterling Account) Rules, otherwise in rupees in India.

12. (1) In addition to the pension or gratuity referred to in rule 10 or the bonus and gratuity referred to in rule 11, any officer who has been permitted to retire under these rules (other than an officer who is entitled to the pension specified in the Second Schedule as the maximum pension admissible under these rules to the service to which he belongs and when more than one method of calculating a pension is prescribed, for the method of calculating the pension actually adopted) and who proceeds on retirement or on leave preparatory to retirement to some part of the British Empire intending to settle there permanently, shall, subject to the provisions of rule 3 (2), be entitled to receive a

gratuity equal to the cost, allowing for any special rebates admissible to railway officers, of first class fares and passages from the last place of his employment in India to his destination for himself, and for his wife and children if they were in India at the time of his proceeding on retirement or leave preparatory to retirement:

Provided that except with the special sanction of the Secretary of State no gratuity shall be payable under this rule to an officer who is permitted to retire or to proceed on leave preparatory to retirement while employed elsewhere than in India and the amount of the gratuity (if any) payable to such an officer shall be such as the Secretary of State shall direct:

Provided further that where there is no railway or steamer station at the last place of employment of an officer permitted to retire under these rules, the Governor General, in the case of officers serving in connection with the affairs of the Federation, and the Governor, in the case of officers serving in connection with the affairs of a Province, may include in the gratuity of such officers an amount equivalent to the mileage allowance for his journey to the nearest station which would have been admissible to him under the travelling allowance rules applicable to him:

Provided further that officers belonging to Railway Services, Class I, shall be entitled to 1st class passes in place of the cost of 1st class fares for railway journeys in India.

(2) For purposes of payment of this gratuity to officers proceeding to or via the United Kingdom, first-class fares and passages shall be first-class steamer or railway fares to Bombay *plus* cost, allowing for any special rebates admissible to railway officers, of first-class passage at B rates by the P. and O. Steam Navigation Company to London (all sea route); and in addition, railway fares from London to destination. These rates are payable irrespective of the line or class by which an officer or his family travels.

(3) Payment of the gratuity admissible under this rule (excluding that portion representing railway fares from London, which shall be paid by the High Commissioner), shall be made by the Governor General or the Governor, as the case may be, before the officer leaves India.

(4) The Governor General or the Governor, as the case may be, may sanction the payment of a gratuity calculated as in sub-rules (1) and (2) of this rule, but excluding the fares and passages of the officer himself, to the families of officers who are obliged by climatic or analogous reasons to leave later than the officer himself, or in advance of the officer but subsequent to the submission of his application to retire.

(5) An officer who applies in India for permission to retire and who is permitted to leave India in anticipation of the sanction of the Secretary of State is eligible for the gratuity. In such cases, if the officer proceeds to the United Kingdom, the Governor General or the Governor, as the case may be, shall authorise the High Commissioner to make payment.

(6) Officers who apply to retire while on leave in England and whose families are in India at the time when their retirement was sanctioned by the Secretary of State shall receive a portion of the gratuity equal to the cost, allowing for any special rebates admissible to railway officers, of first-class railway fares and passages for their families when the latter leave India.

(7) In no case shall a gratuity admissible under this rule or any portion thereof be payable until the Secretary of State has sanctioned the officer's retirement under these rules.

(8) The gratuity admissible under this rule shall be reduced by the value of any benefit received under the provisions of Schedule IV to the Superior Civil Service Rules in respect of the journey referred to in sub-rule (1) above.

(9) The gratuity paid to an officer under this rule shall, in the event of his being permitted to return to duty in India, be refunded. Such refunds may be made by deductions of 36 equal monthly instalments from the officer's pay-bill, commencing with the first pay-bill drawn after return.

(10) For the purpose of this rule the term children means legitimate children or step-children of an officer, whatever their age, who are wholly dependent on him.

13.—(1) A member of the Indian Civil Service who retires under these rules may adopt at his option any one of the three following methods of retaining for his wife and children benefits, admissible under the Indian Civil Service Family Pension Regulations, namely:—

(a) He may cease to make any contributions and payments under the regulations, and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(b) He may continue up to his 51st birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until the age of 51:

Provided that in the case of a subscriber appointed to the Service before 1st April, 1910, all such contributions shall cease with effect from the date on which he would have completed 25 years' service or from the 1st January, 1930, whichever is the later.

(c) He may continue up to his 51st birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full

benefits admissible under the regulations as if he had remained in the service until death or retirement with an ordinary pension:

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) The Secretary of State shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

14.—(1) An officer of the Indian Army or the Royal Indian Navy or of the Indian Medical Service who retires under these rules may select any one of the three following options with regard to his subscriptions under the Indian Military Service Family Pension Regulations or to the Indian Military Widows' and Orphans' Fund:—

- (a) He may continue to subscribe at the half rate of subscription under Article 28 of the Indian Military Service Family Pension Regulations or rule 32 of the Indian Military Widows' and Orphans' Fund: or if a married subscriber under the Indian Military Service Family Pension Regulations, he may withdraw, receiving the refund authorised by Article 28. If he continues to subscribe he will retain the same rights to contingent benefits from the funds as if he had retired under the ordinary rules.
- (b) He may cease to make any payments under the regulations except in so far as is provided by the last sentence of this clause, and shall then retain the right to contingent benefits at the rates admissible under the regulations to the widow and children of an officer of the class to which he belonged at the date of retirement, for his wife and children existing at that date, and for any children subsequently born to that wife. Under this alternative, any donation payable under the ordinary rules for any child born after retirement must, however, be paid by the officer if he desires to retain any right to continuance of benefits for any such child.
- (c) He may continue up to his 55th birthday to make payments under the Regulations at the full rates applicable to the class which he would have attained had he remained in the service until that date, and thereafter at half rates according to the class in which he is then subscribing. Any donation becoming due after the age of 55 will be payable in full as in the case of ordinary retirements. His wife and children will in this case be eligible for the full benefits appropriate to the class in which he is subscribing at the date of death:

Provided that in the event of the officer failing to notify within three months of the date of his retirement the option selected by him he shall be deemed to have selected the first of the above options.

(2) The Secretary of State shall make good to the Indian Military Service Family Pension Scheme or the Indian Military Widows' and

Orphans' Fund, as the case may be, any loss which may be estimated to be thrown upon them by the operation of this rule.

TEMPORARY REGULATIONS FOR COAL MINES.

1. (1) These regulations may be called the Supplementary Coal Mines (Temporary) Regulations, 1937.

(2) They shall apply only in respect of coal mines.

2. In these regulations, "the principal Regulations" mean the Indian Coal Mines Regulations, 1926.

(2) The Chief Inspector may approve of such Standing Orders or may modify them if, in his opinion, they are defective in any respect, and shall give notice in writing to the manager that such Standing Orders as are approved by him shall be enforced at the mine.

(3) On receipt of the notice from the Chief Inspector the manager shall post the Standing Orders in conspicuous places at the mine both above and below ground and shall be responsible for securing effective compliance with them.

4. (1) In any mine in which inflammable gas has been found during the previous twelve months, all unused workings in which inflammable gas may accumulate and which are not permanently sealed off, shall, at least once in every week, be inspected for the presence of inflammable gas, by the competent person appointed under regulation 70 of the principal Regulations.

(2) The person conducting the search shall—

(a) search or turn out all pockets;

(b) pass his hand over all clothing; and

(c) examine any article in the workman's possession.

6. (1) Without prejudice to the provisions of regulation 127 of the principal Regulations, the manager, or a competent official [other than the persons referred to in clauses (a) and (b) of the said regulation, as modified by regulation 8 of these regulations], appointed in writing by the manager for the purpose, shall examine thoroughly all safety lamps in use at a mine at least once in every week, and shall record the result of his examination in a book kept at the mine for the purpose.

(2) If any lamp is found to be defective, it shall not be reissued for use until the defect has been remedied.

7. (1) A competent person appointed in writing by the manager for the purpose shall examine every safety lamp on its being returned, after use underground.

(2) If on such examination any lamp is found to be damaged or misused, he shall record the nature of the damage or misuse in a book to be kept at the mine for the purpose; and every new entry in the book shall be shown to the manager without delay.

8. The principal Regulations shall be read as if for clause (b) of regulation 127, the following clause were substituted, namely:—

- After 20 years approved service, 3 months' pay.
- After 25 years approved service, 4 months' pay.
- After 30 years approved service, 4 months' pay.

Such bonuses may be cumulative, that is, a servant who has received a bonus after serving 10 years may, after serving 5 years more, receive a second bonus, and so on. Approved service shall be reckoned as from the date of commencement of service, irrespective of the date a servant becomes a subscriber to the Provident Fund, but no application for a bonus shall be considered unless it is preferred within six months from the date at which the depositor becomes eligible for a bonus.

(b) Approved service may, where the Board deems fit, include previous service under another Board or other Boards if such other Board or Boards pays or pay a share of the bonus proportionate to the length of such previous service. The Board shall not credit the bonus to the Provident Fund until it has received the proportionate share or shares.

(c) Approved service may, where the Board deems fit, also include previous service under the same Board.

(3) For the purpose of sub-rule (2), "pay" means the pay of the depositor on the date on which he becomes eligible for a bonus.

(4) In special circumstances and with the previous sanction of the Central Government in each case the Board may grant to any servant a bonus of such amount as the Central Government may approve, although no bonus, or a bonus of smaller amount, may be admissible under sub-rule (2). A bonus may be granted under this sub-rule in respect of service rendered wholly or in part before its commencement.

Investment.

40. (1) All subscriptions and contributions under these rules shall be credited into the Provident Fund and paid into the Imperial Bank of India (Savings Bank) or into the Post Office Savings Bank, as the case may be, between the 1st and 4th of the month on which they become due. Such other sums as may subsequently become due in any month shall be credited to the Provident Fund and so paid into the Imperial Bank or the Post Office Savings Bank as to ensure that interest may accrue as quickly as possible.

(2) Such deposits may be invested in Government Securities in accordance with rule 46 of the "Rules for the guidance of depositors in the Post Office Savings Bank", and may also be invested in Government of India loans.

(3) The entire amount of the interest realised on the investment of the Provident Fund shall be distributed proportionately for credit to the accounts of all the subscribers to the Provident Fund.

Accumulations when payable.

41. The amount of the subscriptions and contributions with the interest earned thereby at the credit of a depositor shall become payable by the Executive Officer from the Provident Fund:—

- (a) on the death of the depositor, subject to the proviso to sub-rule (3) of rule 38, to the person or persons nominated by him in accordance with that rule, in the proportion specified in the nomination; or
- (b) when the depositor ceases to be a servant of the Board, to the depositor,

and shall be disposed of in the manner provided in section 4 of the Provident Funds Act, 1925:

Provided that, if the depositor ceases to be a servant of the Board by reason of his transfer to the employment of another Board, the amount of the subscriptions and contributions and the interest earned thereby at his credit shall become payable, at his option, either to the depositor himself or by money order to the credit of his account in the Provident Fund of the Board to whose employment he has been transferred:

Provided further that the whole or any part of the amount of the contributions made by the Board to the account of the depositor, together with the interest earned thereby may be deducted from the amount payable under this rule and be paid to the Board, if

- (a) the depositor has been dismissed from the service of the Board for misconduct or has resigned the service of the Board within five years of his appointment thereto otherwise than on medical grounds established to the satisfaction of the Board; or
- (b) the amount to be deducted is due under a liability incurred by the depositor to the Board.

Advance for special purposes.

42. (1) No withdrawal of the amount at the credit of a depositor in the Provident Fund shall be allowed except as provided in rule 41:

Provided that, when the pecuniary circumstances of a subscriber are such that in the opinion of the Board the indulgence is absolutely necessary, a temporary advance, not ordinarily exceeding three months' pay and in no case exceeding the amount of the depositor's own subscriptions to the fund with interest thereon, may be allowed from the sum at his credit.

(2) The following are instances of the objects for which such advances may legitimately be allowed:—

- (a) to pay expenses incurred in connection with the illness of a subscriber or of a member of his family;

- (b) to pay for the passage of any member of a subscriber's family, coming from beyond the sea to join him or requiring to make a journey beyond the sea;
- (c) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform, and in connection with which it is obligatory that expenditure should be incurred;
- (d) to build a house for occupation by the subscriber himself at the place where he is actually serving or at which he is permitted to reside while in active service.

(3) Advances shall not be confined rigidly to the objects set forth in sub-rule (2) but shall be made with due regard to the requirement contained in the proviso to sub-rule (1) as illustrated by the examples set forth in sub-rule (2).

43. (1) The order sanctioning the advance shall state the specific purpose for which the advance is granted. Where this purpose is of a confidential nature, it may be communicated to the audit officer personally and confidentially.

(2) When an advance has been granted to a subscriber, subsequent advances shall not, except for strong reasons to be recorded in writing by the Board, be granted to him until at least twelve months have elapsed since the complete repayment of the last advance taken.

44. (1) Advances shall be recovered at the discretion of the Board in not less than twelve instalments or more than twenty-four. A subscriber may, however, at his option make repayment in less than twelve instalments or may repay two or more instalments at the same time.

(2) In determining the advance to be sanctioned, due regard shall be paid to the amount of subscriptions lying to the credit of the applicant. The amount of the advance shall be a sum expressed in whole rupees and ordinarily, the monthly instalments shall also be in whole rupees, the advance applied for being raised or reduced, if necessary, to enable instalments to be thus fixed.

(3) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a subscriber while he is on leave of any kind other than casual leave.

(4) When two or more advances are made under sub-rule (2) of rule 43, each advance shall be treated separately, and a monthly deduction of not less than one twenty-fourth of each advance shall be made until that advance is cleared.

(5) The instalments shall be paid by compulsory deductions from salary, and shall be in addition to the usual subscription.

45. When an advance is repaid, as regards principal, in not more than twelve instalments, a 13th instalment, representing interest, and equivalent to 4 per cent. of the amount of the advance, shall be paid in the month following that in which the last instalment is paid. Similarly, an additional instalment equivalent to 8 per cent. of the total

amount of the advance shall be paid when the advance is repaid in more than twelve instalments. In calculating such additional instalments a fraction of a rupee if it exceeds eight annas, shall be taken at the next higher whole rupee, and if it does not exceed eight annas shall be ignored.

46. The sum at the credit of a depositor shall not be liable to forfeiture on dismissal or on conviction by a Criminal Court, except for an offence for which the penalty of forfeiture of the whole of the offender's property is prescribed by law.

47. A copy of the account of each depositor shall be furnished to him as soon as possible after the close of the financial year to which the account relates, or at the time of payment in the case of accounts closed in accordance with rule 41.

Prohibition of voluntary deposits.

48. No deposits from servants other than those authorised by these rules shall be credited to the Provident Fund.

Subscription during leave.

49. Servants shall not be permitted to subscribe to the Provident Fund while absent on leave other than leave on full average salary. They may at their option subscribe while absent on leave on full average salary.

50. A servant who desires to subscribe during such leave shall notify his intention in advance in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate; and a servant who has notified such intention shall not be permitted to discontinue subscribing during leave:

Provided that, if he fails to notify his intention in advance, he may be allowed to pay his subscription during leave in cash.

Dead Accounts.

51. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn, in the case of balances not exceeding Rs. 10 within one year, and in the case of balances exceeding Rs. 10 within three years, it shall be written off as a dead account, and not repaid save under the orders of the Officer Commanding-in-Chief, the Command.

52. The Board may withdraw from the Post Office Savings Bank all monies lying in deposit on or after the date of the commencement of these rules on account of the Provident Fund, and deposit them in the Imperial Bank of India (Savings Bank).

1. The Act applies to the payment of wages to persons in this factory receiving less than Rs. 200 a month.
2. No employed person can give up by contract or agreement his rights under the act.

Definition of wages.

3. "Wages" means all remuneration payable to an employed person on the fulfilment of his contract of employment.

It includes bonus and any sum payable for want of a proper notice of discharge.

It excludes:—

- (a) the value of house-accommodation, supply of light, water, medical attendance, or other amenity or of any service excluded by the Central Government;

- (b) the employer's contribution to a pension or provident fund;

- (c) travelling allowance or concession or other special expenses entailed by the employment;

- (d) any gratuity payable on discharge.

Responsibility for and method of payment.

4. The manager of the factory is responsible for the payment under the Act of wages to persons employed under him, and any contractor employing persons is responsible for payment to the persons he employs.

5. Wage-periods shall be fixed for the payment of wages at intervals not exceeding one month.

6. Wages shall be paid on a working day within 7 days of the end of the wage-period (or within 10 days if 1,000 or more persons are employed).

The wages of a person discharged shall be paid not later than the second working day after his discharge,

7. Payments in kind are prohibited.

Fines and deductions.

8. No deductions shall be made from wages except those authorised under the Act (see paragraphs 9—15 below).

9. (1) Fines can be imposed only for such acts and omissions as the employer may, with the previous approval of the Supervisor, specify by a notice displayed at or near the main entrance of the factory and after giving the employed person an opportunity for explanation.

(2) *Fines*—

- (a) shall not exceed half-an-anna in the rupee,
- (b) shall not be recovered by instalments, or later than sixty days of the date of imposition;
- (c) shall be recorded in a register and applied to such purposes beneficial to the employed persons as approved by the Supervisor;
- (d) shall not be imposed on a child.

10. (a) Deductions for absence from duty can be made only on account of the absence of the employed person at times when he should be working, and such deductions must not exceed an amount which is in the same proportion to his wages for the wage-period, as the time he was absent in that period is to the total time he should have been at work.

(b) If ten or more employed persons, acting in concert, absent themselves without reasonable cause and without due notice, the deduction for absence can include wages for eight days in lieu of notice, but:—

- (1) No deduction for breaking a contract can be made from a person under 15 or a woman,
- (2) There must be a provision in writing which form part of the contract of employment, requiring that a specific period of notice of intention to cease work not exceeding 15 days or the period of notice which the employer has to give to discharge a worker, must be given to the employer and that wages may be deducted in lieu of such notice.
- (3) The above provision must be displayed at or near the main entrance of the factory.
- (4) No deduction of this nature can be made until a notice that this deduction is to be made has been posted at or near the main entrance of the factory.
- (5) No deduction must exceed the wages of the employed person for the period by which the notice he gives of leaving employment, is less than the notice he should give under his contract.

11. Deductions can be made for damage to or loss of goods expressly entrusted to an employed person or for loss of money for which he is required to account, where such

damage or loss is due to his neglect or default.

Such deduction cannot exceed the amount of the damage or loss caused and can be made only after giving the employed person an opportunity for explanation.

12. Deductions can be made, equivalent to the value thereof, for house accommodation, amenities, or services (other than tools and raw material) supplied by the employer, provided these are accepted by the employed person as a part of the terms of his employment and have in the case of amenities and services been authorised by order of the Central Government.

13. (a) Deductions can be made for the recovery of advances, or for adjustment of over-payment of wages.

(b) Advances made before the employment began can only be recovered from the first payment of wages for a complete wage-period but no recovery can be made of advances given for travelling expenses before employment began.

(c) Advances of unearned wages can be made at the paymaster's discretion during employment.

14. Deductions can be made for subscription to and for repayment of advances from any recognised provident fund.

15. Deductions can be made for payments to co-operative societies approved by the Central Government or to the postal insurance, subject to any conditions imposed by the Central Government.

Inspections.

16. An Inspector can enter on any premises, and can exercise powers of inspection (including examination of documents and taking of evidence) as he may deem necessary for carrying out the purposes of the Act.

Complaints of deductions or delays.

17. (1) Where irregular deductions are made for wages, or delays in payment take place, an employed person can make an application in the prescribed form within 6 months to the Authority appointed by the Local Government for the purpose. An application delayed beyond this period may be rejected unless sufficient cause for the delay is shown.

(2) Any legal practitioner, official of a registered trade union, Inspector under the Act, or other person acting with the permission of the Authority can make the complaint on behalf of an employed person.

(3) A single application may be presented by, or on behalf of, any number of persons belonging to the same factory the payment of whose wages has been delayed.

Action by the Authority.

18. The Authority may award compensation to the employed person in addition to ordering the payment of delayed wages or the refund of illegal deductions.

If a malicious or vexatious complaint is made, the Authority may impose a penalty not exceeding Rs. 50 on the applicant and order that it be paid to the employer.

Appeal against the Authority.

19. An appeal in the prescribed form against a direction made by the Authority may be preferred within 30 days in Madras, Bombay, Calcutta, to the Court of Small Causes and elsewhere to the District Court—

- (a) by the paymaster if the total amount directed to be paid exceeds Rs. 300;
- (b) by an employed person, if the total amount of wages withheld from him or his co-workers, exceeds Rs. 50;
- (c) by a person directed to pay a penalty for a malicious or vexatious application.

Punishments for breaches of the Act.

20. Any one delaying the payment of wages beyond the due date, or making any unauthorised deduction from wages is liable to a fine upto Rs. 500, but only if prosecuted with the sanction of the Authority or the appellate Court.

21. The paymaster who,—

- (1) does not fix a wage-period, or

(2) In no case shall the reserve price so fixed be disclosed to the public or the annual rent be charged at a lower rate than that fixed by the standard table of rents.

20. Survey and demarcation.—(1) The reserve price shall be calculated so as to include the cost, if any, of surveying and demarcating the site and a proportion of any expenditure that may have been incurred in preparing and laying out the land, including the site under application, for building purposes.

The College is situated in the midst of an extensive compound of over 100 bighas containing a large number of playgrounds. There is provision for all outdoor games. The College provides well-equipped gymnasium, common room and reading rooms for the use of the students who receive individual attention both in their studies and their games. Arrangements have been made to divide the boys into groups and place them under the effective and intimate guardianship of their teachers. There is a fine two-storeyed Hindu Hostel in the College compound and hostel charges (including rent, furniture, light and medical attendance) do not exceed Rs. 13 a month. The boarders keep excellent health, and the general health in the town is also quite good. A new Muhammadan Hostel has been constructed. Charges are moderate.

A considerable number of Government and private studentships and stipends is awarded every year in August or September to poor but deserving students of the College. Four stipends of Rs. 10, Rs. 7-12, Rs. 4 and Rs. 3 are also available for boarders of the Hindu Hostel in straitened circumstances. The College Conversion Mohsin stipends are annually awarded to deserving Muhammadan students.

(1) Male candidates, other than detenus, and teachers of High English Schools recognised by a University or a Board of Secondary Education coming from outside the territorial jurisdiction of this University, will not be permitted to appear at the Matriculation Examination as private candidates.

Exception may, however, be made by the Syndicate in regard to Bengalee and Assamese candidates residing outside Bengal and Assam.

(2) Such a candidate will have to obtain, in the first instance, sanction to his migration, for which purpose he must submit a formal application together with the usual migration fee of Rs. 10 and necessary documents *on or before the 31st August* of the year preceding that in which he desires admission to the examination, through the Head Master of the school in which he read last or through an Inspector of Schools of the province from which he migrates, who will forward the application with his observations. In the case of a candidate coming from outside India, the application and fee should be submitted through the Educational Authorities of the district or province from which he migrates.

He should *at the same time* apply to a Divisional Inspector of Schools under the Director of Public Instruction, Bengal or Assam, for permission to sit for the Test Examination for private candidates (*vide* rule 3 below), mentioning therein that his application for sanction to his migration is pending before the University.

(1) Each application should be supported by a declaration countersigned either by an Inspector of Schools or a Fellow of a University or a Principal of an affiliated college or a Gazetted Officer to the effect that he has fulfilled the following conditions:—

(a) He must not have read in any school (recognised or unrecognised), for one year previous to the Matriculation Examination in which he desires to appear and has not appeared at any Matriculation or High School Examination, conducted outside the territorial jurisdiction of this University.

(b) If he has read in a school recognised by any other University or Board, he must have previously read in a class which would make him eligible for admission to the Matriculation Examination of that University or Board in the year in which he intends to appear at the Matriculation Examination of this University.

(c) He should also produce a migration certificate from the Divisional Inspector of Schools of the province from which he migrates or a transfer certificate from the school in which he read last, countersigned by the Divisional Inspector of Schools, who will be deemed to be an Officer appointed by the University for the purpose.

(d) On his migration being sanctioned, a candidate will be required to pass the preliminary Test Examination to be held by a Government Inspector of Schools in Bengal or Assam or under his orders, and for that purpose should finally apply to him (*vide* 2nd para. of clause (2) under B). The date, place and other particulars of such Test Examination should be ascertained from the Inspector of Schools concerned.

(4) A candidate taking up Hygiene as an additional subject will be required to submit to the Divisional Inspector of Schools along with his application a certificate of training in the subject from a registered Medical Practitioner or from a recognised teacher of Hygiene.

(5) Teachers of High English Schools recognised by a University or a Board of Secondary Education and detenu candidates will be exempted from passing any preliminary Test Examination. Such candidates will have to apply for sanction to their migration on or before the date mentioned above together with the usual migration fee of Rs. 10 in each case. For this purpose, a teacher candidate should submit his application through the Head of the Institution in which he is employed and a detenu candidate should submit his application through the Commandant of the Detention Camp concerned.

(Chittagong, the 28th August 1937.

Rules for the guidance of private candidates for the Matriculation Examination of 1938.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination.

The term "private students" includes bonafide school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati Government High English School

Date of examination—13th, 14th, 15th, 16th and 18th December 1937.

Female candidates are not required to appear at the Test Examination for private candidates held by the Inspector of Schools, Chittagong Division.

Teachers of high schools in Bengal and Assam recognised by the University and detenus who intend to appear at the Matriculation Examination as private candidates will not be required to appear at any preliminary test examination.

Bengali candidates residing outside Bengal may be permitted by the Syndicate to appear at the Matriculation Examination as private candidates. Such a candidate will have to apply to the Divisional Inspector of Schools for permission to sit for the Test Examination mentioning therein that his application for sanction to his migration is pending before the University.

3. Private candidates offering hygiene as one of their subjects need not obtain the previous permission of University for that purpose. They should submit to the Divisional Inspector of Schools, along with their applications for permission to appear at the Test Examination, certificates of training in it from a recognised medical practitioner or from a recognised teacher in hygiene.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 30th September 1937.

5. The Inspector of Schools on being satisfied will grant necessary permission and will

return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Each private student will have to pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is identified by some person known to the headmaster of the institution in which he appears.

7. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of the examination. The headmaster will then deposit the amount realised by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners, clerk and menials) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

8. The headmasters of the institutions named in paragraph 2 above should direct private candidates who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be returned to the headmasters for delivery to the candidates concerned.

9. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

10. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

11. The Matriculation Examination will be held in March 1938, the exact dates of which will be notified by the University.

12. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

V.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1936 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

*(b) GEOMETRY.**Class VII.***Problems.**

Bisection of angles, and straight lines.
 Construction of perpendiculars to straight lines.
 Construction of an angle equal to a given angle.
 Construction of parallels to a given straight line.

Theorems.

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.
 Any two sides of a triangle are together greater than the third.
 Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

- (1) a pair of alternate angles are equal, or
- (2) a pair of corresponding angles are equal, or
- (3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Class VIII.

Problems.

Division of straight lines into any number of equal parts.
Construction of triangles and quadrilaterals with sufficient data.
Construction of a triangle equal in area to a given quadrilateral.

Theorems.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

The following subject has been selected for “Babu Brajamohan Dutt's Prize” of Rs. 45 for the year 1936-37:—

Female characters as depicted by Poet Nabin Chandra.

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize of Rs. 45 be given for an essay to be written either in Bengali or Sanskrit.

(3) That the essays be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays to the Secretary to the Provincial Text-book Committee, Writers' Buildings, Block No. 5, Room No. 1, Calcutta. The envelope containing the essay should be superscribed “Brajamohan Dutt's Prize Essay.” The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the *Gazette* as the winner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners, adequate, no prize will be awarded.
